THE BAN STAYS ON

DANGER IS NOT YET OVER, PHYSICIANS SAY

THE HOSPITAL FILLED

Dr. F. M. Ryan, City Physician, Says Conditions Locally Are No Worse Than a Week Ago.

At a meeting last night of physicians of the city with Dr. F. M. Ryan, city physician, it was decided that it would be unsafe to lift the influenza ban for at least another week and the city health board has ordered that the closing order remain in force until further notice. Within the past week a number of new cases have developed, some in more aggravated form than has yet been apparent, and instead of the epidemic having been checked, as was believed at the first of the week, it appears to be again on the increase.

"I don't see much change in local conditions," said Dr. F. M. Ryan, city physician, this morning. "If there is any it is in our favor. There are a number of cases yet under quarantine and we are fumigating and letting quite a number out. There are a few places where no cards are up. Patients are considered under quarantine when told that they have it."

Dr. Ryan said the hospital was filled to capacity.

"The greatest danger," said Dr. Ryan is from out of town. One man from Iowa came in with the influenza the other day and six serious cases have resulted from the contagion. Conditions here are no worse than a week ago and the people are trying to do everything they can to help."

Dr. Ryan expressed the opinion that there would be more or less of the disease during the entire winter.

BUT CROWDS WOULDN'T WAIT

Premature announcement of the signing by Germany of armistice terms turned Maryville yesterday afternoon for a short time into a pandemonium of noise, combined with an indiscriminate celebration that brought people hurrying from their homes. Bells rung, guns were fired, sirens blew, an improvised band helped to swell the noise while people hurried from one place to another to learn whether the news was true. Crowds in front of the Democrat-Forum office waited nervously for bulletins to be posted, eager to be assured that the time for celebration was at hand. Many stores closed their doors and permitted their employees to participate in the celebration.

At the hardware stores there was a hurry call for blank cartridges and stocks were quickly exhausted, the celebrants purchasing loaded shells. In many instances little caution was shown in firing and several persons escaped being shot. In the alley east of the Alderman-Yehle store one of the cables of the electric light company was shot in two and considerable damage was done.

Another instance was reported of a shot gun being fired, th eshot striking in a mud puddle and scattering mud over two young ladies who were passing.

PLACES R. C. RECEPTACLE

A large container, decorated with a Red Cross has been placed near the entrance of the Alderman-Yehle dry goods store for the receptacle of nut shells, fruit pits and seeds asked for by the government to be used in making gas masks.

Tomorrow has been designated by the Red Cross as "gas mask day," and everyone is asked to gather up their supply and send it in. The Alderman-Yehle Red Cross auxiliary will deliver to headquarters all placed in their receptacle.

WOULD CELEBRATE

BIG DEMONSTRATION WILL FOLLOW PEACE ANNOUNCEMENT

BAN NO BAR, SAYS RYAN

City Physician Sees No Particular Danger in Outdoor Gatherings.—Citizens Make Suggestions.

With the war having been won and it being apparent that peace will be an assured fact within a very few days at the longest, it is suggested that Maryville make definite plans for a monster demonstration.

Dr. F. M. Ryan, city physician, was asked concerning the advisability of planning for a celebration with the ban on public gatherings being in force. "I can see no particular danger in an outdoor gathering," said Dr. Ryan. "There will be a celebration anyhow and I think it might safely be planned."

G. L. Wilfley, president of the Farmers Trust Co., suggested that a movement should be started at once looking towards a big patriotic celebration in which every person in Maryville might join.

"Let's have a celebration where we can put aside our dignity and do the thing right with plenty of noise, some bonfires, a big parade and some stirring speeches." The idea of planning a celebration to be held immediately it is definitely known that peace is an assured fact is meeting approval from all sides and will probably result in some sort of a meeting of citizens to make preparation for the event.

Capt. Harry D. Snyder of the Home Guards, said the company could be depended on to turn out to take part in a parade or in any other way to make the celebration a success. Capt. Snyder is trying to secure enough blank cartridges to permit a volley by the entire company.

W. C. Pierce, chairman of the Liberty Loan committee, said a big celebration should be planned for with a parade and speeches. "It ought to be something everybody could take part in," said Mr. Pierce, "and an evening could be named following the announcement of peace."

George Robb Ellison, president of the Commercial Club, said that if it met the approval of the health authorities a celebration should be planned.

THE OPENING IS POSTPONED

On account of the influenza ban the opening of the Woolworth 5 and 10 cent store will be deferred until such time as the closing order is lifted. It was believed at the time of announcement of the opening for this afternoon that conditions would be so improved that the opening might be given with safety, but the announcement by the health board that the ban would continue another week caused a postponment. "It is our desire to co-operate with the health authorities in every way possible to aid in checking the epidemic," said Superintendent Eaton this morning, "and we will not open until the ban is lifted. Due announcement will be given in the Democrat-Forum of the date."

HUN REVOLT GROWS

BIG FLEET DISAPPEARS

German High Seas Navy Has Been Mysteriously Spirited Away.—Mutineers Are Shot.

London, Nov. 8.—The German navy base at Heligoland has joined the revolution as well as Tilsiet and Borkum, said a dispatch to the Evening News today. Eleven German naval bases have now gone over to the revolutionaries. German prisoners taken by Americans are surprised that armistice was not signed earlier. They said that Germany was exhausted and was compelled to use oxen to haul their artillery.

The missing warships from Kiel have arrived at the German port off Offtensburg. It is reported to be commanded by sailors.

London, Nov. 8.—Practically the whole of Germany is no wcontrolled by revolutionaires, said an Exchange Telegraph dispatch from Copenhagen. Revolutionaires dominate Sonderburg, Kiel, Wilhelmshaven, Suxhaven, Bremerhaven and Randsburg.

London, Nov. 8.—The German revolution is spreading, according to Copenhagen dispatch to the Exchange Telegraph Company. Bremen, Schwerin and Tilsit have joined it. At Essen thirty German mutineers were shot for refusing to go to the front. Sanguinary fighting has been raging in Hamburg, which is in hands of the revolutionaries. The German high seas fleet at Kiel has disappeared and whereabouts is a mystery.

London, Nov. 8.—It is reported that practically all of Germany is controlled by revolutionaries.

HUN ARMISTICE ENVOYS WENT INTO CONFERENCE WITH GEN. FOCH THIS A. M.

GIVEN TILL MONDAY

WILL BE ALLOWED SEVENTY-TWO HOURS IN WHICH TO ACCEPT OR REJECT TERMS

WILL LET PEOPLE KNOW

President Will Announce News When Action Takes Place.—Untrue Report Yesterday by United Press Proved Disturbing.

London, Nov. 8.—German envoys received armistice news this morning and must accept or reject before eleven o'clock Monday morning, said a French wireless this afternoon.

Washington, Nov. 8.—It was officially announced by Secretary Lansing today that the German armistice commissioners went into conference with Marshal Foch at nine o'clock (Paris time). They will present their credentials and will then be given copies of the armistice terms. If they consider it necessary to communicate with Berlin, they will be held to the time limit of seventy-two hours within which to decide their course of action.

Washington, Nov. 8.—The time limit on the armistice terms is set at seventy-two hours, it was officially announced. The commissioners went into conference at nine o'clock this morning. Paris time.

Washington, Nov. 8.—President Wilson, personally, will tell the people of this country that Germany has accepted allied armistice terms when that action takes place. This was officially announced from the White House today. The President was very much concerned because the people of the country had been deceived yesterday by the untrue announcement made by the United Press and has taken steps to see that there shall be no further such proceedings.

The State department is waiting today for details of conference. All they had up to the middle of this morning was the report that the delegates had entered the lines last night and this morning went to General Foch's headquarters.

London, Nov. 8.—Virtually all the German fleet has revolted, according to a dispatch received from The Hague. The men are complete masters at Kiel, Wilhelmshaven, Helgoland, Borkum and Cuxhaven.

At Kiel the workers have joined the navy men and declared a general strike, says the dispatch.

Mrs. D. M. Hughes was called to Syracuse, Kansas today by the serious illness of her sister-in-law. She left for Syracuse on the afternoon Burlington.

Miss Dale Hoffman and Virginia Belle Dean left today for Mound City, where they will spend a few days visiting relatives.

Mrs. Margaret Cunningham and her son, D. K. Cunningham of Murdock, Ill., who have been visiting Mrs. Cunningham's sister, Mrs. Helen Hopkins and daughter, Miss Carrie, left for their home this morning.

The draft board today received a call for one limited service man and two typists and general clerks to be sent to Jefferson Barracks, date of entrainment given as November 25. No selection of men to fill the call has yet been made.

Visiting at Corning.

Miss Mary H. Boggs went to Corning yesterday, where she will spend a few days visiting Mrs. Leigh Wilson and family. Mrs. Wilson's mother, Mrs. Thana Hope and her niece, Charlot Hope Welchell, are also visiting at the Wilson home.

POSTPONED SALE.

The Guy Cooper sale will be held Tuesday, November 12, 3 miles northeast of Gaynor. 87 head of horses, mules, cattle and hogs will be sold.

GOMPERS HAS A MESSAGE.

Labor Leader Will Deliver Address to American People Following Trip.

Special to The Democrat-Forum.

Chicago, Nov. 8.—Samuel Gompers, president of the American Federation of Labor, arrived in Chicago today from his trip to Europe. Tonight he will deliver his message to the American people based on his trip. The audience will include personages from all parts of the country, including governors of Missouri, Oklahoma, Secretaries McAdoo and Wilson, and others of national note.

A REPUBLICAN CONGRESS

Virtual Election of Newberry in Michigan Decides.

Washington, Nov. 8.—Control of the Senate passed into the hands of the Republicans tonight with returns in Michigan showing the virtual election of Truman H. Newberry, Republican, over Henry Ford. The Republicans now have a total of forty-nine senators and the Democrats forty-six. Idaho remains in the doubtful column but should the Democrats elect their man there they would lack one for majority.

In the House, the Republicans have 238 members, the Democrats 195, including one Independent.

Springfield, Mo., Nov. 8.—The election of S. A. Shelton, Republican, to congress from the sixteenth district, by a majority of 108 over his Democratic opponent, Thomas T. Rubey was indicated.

STEAL OVER 100 CHICKENS

Thieves stole over a hundred chickens from the farm of Homer Worl, southwest of the city. The neighbors formed a posse an dhunted for several hours for trace of the thieves but could not find any. Other farmers through that section have been robbed of their chickens and no trace of the guilty parties has yet been discovered.

Mr. and Mrs. A. Saxon and family of Bedford, Ia., moved to Maryville this week to make their home.

FIGHTING GOES ON

HUN RETREAT LINE FROM FRANCE HAS BEEN NARROWED TO FIFTY MILES

ALLIES FORGING AHEAD

OPERATIONS SUSPENDED AT ONLY ONE PLACE TO PERMIT PASSAGE OF ENVOYS

The French advanced along their entire front today and have reached Liart, nineteen miles north of Retep, the war office announced. The entry of the German armistice delegation into the Allied lines has not stopped the gigantic converging movement of the Allied armies, and today the passageway through which the Germans must retreat from France has been narrowed to fifty miles. The British, French and Americans are still forging ahead. Hostilities have been suspended temporarily in only one small hole to allow the safe passage of the German envoys by way of La Capelle, which was captured by the British yesterday. The French and Americans continue their progress in a north easterly direction between the Oise and the Meuse, the Americans having reached Sedan, cutting vital German lines of communication. Virtually all the railways supplying the Germans in France are now dominated by Allied artillery. The Germans have evidently entered into a new retreat in Belgium and probably are falling back on the so-called Parsifal line.

London, Nov. 8.—The British are swiftly encircling the powerful fortress of Maubeague, near the Franco-Belgian frontier. The war office announced today the capture of three more villages and said fighting was continued. The advance south of Mons to Conde canal continues.

Called to Nevada.

Mrs. J. W. Innis and children who have been visiting her parents, Mr. and Mrs. R. G. Allan of West Third street, left yesterday for their home at Nevada, Mo., called by the serious illness of Mr. Innis. Mrs. Innis' sister, Miss Katie Lee Allan accompanied them.

POSTPONED SALE.

The Guy Cooper sale will be held Tuesday, November 12, 3 miles northeast of Gaynor. 87 head of horses, mules, cattle and hogs will be sold.

Spend Week End at Cameron.

An Appeal To The Hearts and Patriotism
of The People of Nodaway County

You are soon to be asked to contribute money to finance the war work of seven organizations which are united under the title of "The United War Work Campaign, Incorporated." I feel that you are familiar with the great work being done by these organizations which are, the Y. M. C. A., Y. W. C. A., K. of C., Jewish Welfare Board, War Camp Community Service, American Library Association and Salvation Army. The work being done by each of these organizations has been recognized by the President and the War Officials as very necessary and essential, and they have approved the effort to raise the large sum of two hundred and fifty millions of dollars in this drive. This is more than seven time the amount for which the former Y. M. C. A. drive was made and nearly five time the amount that was contributed in that drive. In view of this, all will appreciate that it is necessary to give more now than they formerly gave.

I want, if possible, Nodaway county to make a record that will attract the attention of the entire state, by being the first to go "Over the Top." The goal for this county is approximately $48,000.00, and it is desired by the workers to have this amount contributed by the evening of Monday, November 11.

There are over one thousand Nodaway County boys in the service of the United States at this time. The amount asked of the people of this county is, therefore less than $50.00 for each one in the service, which is less than 15 cents a day for the period of 365 days. I feel that it would be a reflection if I should voice even a remote fear that, through carelessness or for any other reason, some might neglect to respond to this appeal, and to do their part in raising the required amount. **WE NOT ONLY APPEAL TO YOUR LOYALTY, BUT ALSO TO YOUR HEARTS, AND IF YOU TURN A DEAF EAR, OR DO NOT DO YOUR PART, YOU WILL THEREBY NOT ONLY BRAND YOURSELF AS A "SLACKER," BUT ALSO AS ONE WHO LACKS IN SYMPATHY AND BROTHERLY LOVE AN ATTRIBUTE OF CHARACTER EVEN GREATER THAN LOYALTY.**

The money raised in this drive will be used to keep our soldier boys warm and comfortable and amused during the long dreary winter days that are to follow, and to supply them with the little thing that it is impossible for the Government to look after, but which mean so much to their health and happiness.

We have read in the last few days that the 89th Division is in the thick of the fight in France this week. This Division is composed of Middle Western troops, and many of the Nodaway County boys, especially those who trained at Camp Funston, are in that Division. With so many Nodaway County boys fighting in a very Hell in France, surely no one can be so indifferent to the needs of these boys as to neglect so important a duty as contributing to this fund.

We therefore, appeal to you, our fellow citizen of one of the richest counties in the state, in all confidence, that you do your full duty in this matter, and if for any reason you have not contributed by Monday, November 11, and will not be at your place of business or at your home on that day, please have it arranged with someone at one place or the other, to make a generous pledge for you.

Some have asked what effect an early peace would have upon the need of this money. In answer to this, I perhaps cannot do better than to quote from a recent statement of John R. Mott, the Director General of this campaign:

"Without a doubt, it will take not less than twelve months to bring our American army home. During that long period, the soldier boys will have virtually all their time on their hands. They will not have the excitement and the incitement of the war period to stimulate their spirits or its intense activities to absorb their attention and utilize their time. Their temptations will be more numerous and persistent. There will be a tendency to let down standards and relax discipline. It is of the utmost importance that plans be made for the wise use of their leisure hours. The practical and significant question is, shall our men and boys come back to us weaker or stronger men? The period of demobilization should not be allowed to become a period of demoralization, but rather should be made one of growth in knowledge and working efficiency and of strengthening of character and life purposes. The Young Men's Christian Association and the other organizations are planning not only to enlarge their recreational program during this period, but to launch a great educational campaign. In popular language, it may be described as "The University in Khaki." An Army Educational Commission composed of a group of the leading educators of America has been sent overseas. They have asked for two thousand professors and teachers of American colleges and schools to help in launching educational work for the coming winter, and also to be on hand for the period of demobilization, whenever it comes. We have entered into negotiations with the British and French universities to help us in this vast educational undertaking. One may judge of the great dimensions of the enterprise from the fact that it will require at least $8,000,000.00 for textbooks and books of reference for the coming winter alone."

I know the above will convince all that the full amount asked for is perhaps more necessary, if possible, than if the war continues indefinitely, and further, if there is an early peace, this will probably be the last time you will be called upon, or have an opportunity to give, and this should inspire you to greater liberality on this occasion.

Many of you have put money into Liberty Bonds but you will agree with me that in so doing you have not given your money away, but have simply loaned it to your Government, getting in turn the safest investment the world knows anything about. Liberty Bonds will be accepted as contributions to the United War Work Campaign fund.

Do Not Get Careless With Your Blood Supply

Impurities Invite Disease.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 25 Swift Laboratory, Atlanta, Ga.

MOLINE UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead-valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.

Your careful consideration and investigation of your spring requirements should begin at this time, because we firmly believe there will be considerable difficulty in supplying the demand at that time. Now is the time to act and make your purchase, so as to familiarize yourself with a tractor for spring work.

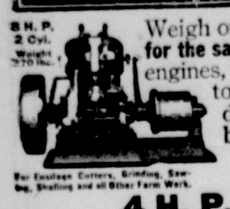
Cushman Light Weight Engines For All Farm Work



Weigh only one-fourth as much as ordinary engines, **for the same horsepower,** making them very handy farm engines, as they are so easy to move around from job to job. The Cushman is the light weight wonder you have heard so much about. Does better work and lasts longer because of lighter weight, higher speed less friction and lower operating cost.

4 H. P. Weighs Only 190 lbs.
8 H. P. Weighs Only 320 lbs.

Their light weight and steadiness makes it possible to use them in many ways that other engines cannot be used. 4 H. P. may be used on grain binders, to drive sickle and other machinery leaving horses nothing to do but pull binder out of gear. 8 H. P. may be used on hay balers, corn shellers and other machinery.

Throttle Governed, steady and quiet in running, cooled by circulating water driven by pump, run at any speed. Four cycle. Equipped with **Friction Clutch Pulley.** Sizes 4 to 20 H. P.

For All Farm Work. Also Used on Binders. Engine Weighs Only 190 lbs.

Call and see the lightest weight yet most reliable farm engine in the world. You will admit it's a wonder.

THE BAN STAYS ON

DANGER IS NOT YET OVER, PHYSICIANS SAY

THE HOSPITAL FILLED

Dr. F. M. Ryan, City Physician, Says Conditions Locally Are No Worse Than a Week Ago.

At a meeting last night of physicians of the city with Dr. F. M. Ryan, city physician, it was decided that it would be unsafe to lift the influenza ban for at least another week and the city health board has ordered that the closing order remain in force until further notice. Within the past week a number of new cases have developed, some in more aggravated form than has yet been apparent, and instead of the epidemic having been checked, as was believed at the first of the week, it appears to be again on the increase.

"I don't see much change in local conditions," said Dr. F. M. Ryan, city physician, this morning. "If there is any it is in our favor. There are a number of cases yet under quarantine and we are fumigating and letting quite a number out. There are a few places where no cards are up. Patients are considered under quarantine when told that they have it."

Dr. Ryan said the hospital was filled to capacity.

"The greatest danger," said Dr. Ryan is from out of town. One man from Iowa came in with the influenza the other day and six serious cases have resulted from the contagion. Conditions here are no worse than a week ago and the people are trying to do everything they can to help."

Dr. Ryan expressed the opinion that there would be more or less of the disease during the entire winter.

BUT CROWDS WOULDN'T WAIT

Premature announcement of the signing by Germany of armistice terms turned Maryville yesterday afternoon for a short time into a pandemonium of noise, combined with an indiscriminate celebration that brought people hurrying from their homes. Bells rung, guns were fired, sirens blew, an improvised band helped to swell the noise while people hurried from one place to another to learn whether the news was true. Crowds in front of the Democrat-Forum office waited nervously for bulletins to be posted, eager to be assured that the time for celebration was at hand. Many stores closed their doors and permitted their employees to participate in the celebration.

At the hardware stores there was a hurry call for blank cartridges and stocks were quickly exhausted, the celebrants purchasing loaded shells. In many instances little caution was shown in firing and several persons escaped being shot. In the alley east of the Alderman-Yehle store one of the cables of the electric light company was shot in two and considerable damage was done.

Another instance was reported of a shot gun being fired, th eshot striking in a mud puddle and scattering mud over two young ladies who were passing.

PLACES R. C. RECEPTACLE

A large container, decorated with a Red Cross has been placed near the entrance of the Alderman-Yehle dry goods store for the receptacle of nut shells, fruit pits and seeds asked for by the government to be used in making gas masks.

Tomorrow has been designated by the Red Cross as "gas mask day," and everyone is asked to gather up their supply and send it in. The Alderman-Yehle Red Cross auxiliary will deliver to headquarters all placed in their receptacle.

WOULD CELEBRATE

BIG DEMONSTRATION WILL FOLLOW PEACE ANNOUNCEMENT

BAN NO BAR, SAYS RYAN

City Physician Sees No Particular Danger in Outdoor Gatherings.—Citizens Make Suggestions.

With the war having been won and it being apparent that peace will be an assured fact within a very few days at the longest, it is suggested that Maryville make definite plans for a monster demonstration.

Dr. F. M. Ryan, city physician, was asked concerning the advisability of planning for a celebration with the ban on public gatherings being in force. "I can see no particular danger in an outdoor gathering," said Dr. Ryan. "There will be a celebration anyhow and I think it might safely be planned."

G. L. Wilfley, president of the Farmers Trust Co., suggested that a movement should be started at once looking towards a big patriotic celebration in which every person in Maryville might join.

"Let's have a celebration where we can put aside our dignity and do the thing right with plenty of noise, some bonfires, a big parade and some stirring speeches." The idea of planning a celebration to be held immediately it is definitely known that peace is an assured fact is meeting approval from all sides and will probably result in some sort of a meeting of citizens to make preparation for the event.

Capt. Harry D. Snyder of the Home Guards, said the company could be depended on to turn out to take part in a parade or in any other way to make the celebration a success. Capt. Snyder is trying to secure enough blank cartridges to permit a volley by the entire company.

W. C. Pierce, chairman of the Liberty Loan committee, said a big celebration should be planned for with a parade and speeches. "It ought to be something everybody could take part in," said Mr. Pierce, "and an evening could be named following the announcement of peace."

George Robb Ellison, president of the Commercial Club, said that if it met the approval of the health authorities a celebration should be planned.

See Pages Two and Three.

THE OPENING IS POSTPONED

On account of the influenza ban the opening of the Woolworth 5 and 10 cent store will be deferred until such time as the closing order is lifted. It was believed at the time of announcement of the opening for this afternoon that conditions would be so improved that the opening might be given with safety, but the announcement by the health board that the ban would continue another week caused a postponment. "It is our desire to co-operate with the health authorities in every way possible to aid in checking the epidemic," said Superintendent Eaton this morning, "and we will not open until the ban is lifted. Due announcement will be given in the Democrat-Forum of the date."

HUN REVOLT GROWS

PRACTICALLY WHOLE OF EMPIRE CONTROOLED BY ANTIS

BIG FLEET DISAPPEARS

German High Seas Navy Has Been Mysteriously Spirited Away.—Mutineers Are Shot.

London, Nov. 8.—The German navy base at Heligoland has joined the revolution as well as Tilsiet and Borkum, said a dispatch to the Evening News today. Eleven German naval bases have now gone over to the revolutionaries. German prisoners taken by Americans are surprised that armistice was not signed earlier. They said that Germany was exhausted and was compelled to use oxen to haul their artillery.

The missing warships from Kiel have arrived at the German port off Offtensburg. It is reported to be commanded by sailors.

London, Nov. 8.—Practically the whole of Germany is no wcontrolled by revolutionaires, said an Exchange Telegraph dispatch from Copenhagen. Revolutionaires dominate Sonderburg, Kiel, Wilhelmshaven, Suxhaven, Bremerhaven and Randsburg.

London, Nov. 8.—The German revolution is spreading, according to Copenhagen dispatch to the Exchange Telegraph Company. Bremen, Schwerin and Tilsit have joined it. At Essen thirty German mutineers were shot for refusing to go to the front. Sanguinary fighting has been raging in Hamburg, which is in hands of the revolutionaries. The German high seas fleet at Kiel has disappeared and whereabouts is a mystery.

London, Nov. 8.—It is reported that practically all of Germany is controlled by revolutionaries.

IN SESSION

HUN ARMISTICE ENVOYS WENT INTO CONFERENCE WITH GEN. FOCH THIS A. M.

GIVEN TILL MONDAY

WILL BE ALLOWED SEVENTY-TWO HOURS IN WHICH TO ACCEPT OR REJECT TERMS

WILL LET PEOPLE KNOW

President Will Announce News When Action Takes Place.—Untrue Report Yesterday by United Press Proved Disturbing.

London, Nov. 8.—German envoys received armistice news this morning and must accept or reject before eleven o'clock Monday morning, said a French wireless this afternoon.

Washington, Nov. 8.—It was officially announced by Secretary Lansing today that the German armistice commissioners went into conference with Marshal Foch at nine o'clock (Paris time). They will present their credentials and will then be given copies of the armistice terms. If they consider it necessary to communicate with Berlin, they will be held to the time limit of seventy-two hours within which to decide their course of action.

Washington, Nov. 8.—The time limit on the armistice terms is set at seventy-two hours, it was officially announced. The commissioners went into conference at nine o'clock this morning. Paris time.

Washington, Nov. 8.—President Wilson, personally, will tell the people of this country that Germany has accepted allied armistice terms when that action takes place. This was officially announced from the White House today. The President was very much concerned because the people of the country had been deceived yesterday by the untrue announcement made by the United Press and has taken steps to see that there shall be no further such proceedings.

The State department is waiting today for details of conference. All they had up to the middle of this morning was the report that the delegates had entered the lines last night and this morning went to General Foch's headquarters.

London, Nov. 8.—Virtually all the German fleet has revolted, according to a dispatch received from The Hague. The men are complete masters at Kiel, Wilhelmshaven, Helgoland, Borkum and Cuxhaven.

At Kiel the workers have joined the navy men and declared a general strike, says the dispatch.

Mrs. D. M. Hughes was called to Syracuse, Kansas today by the serious illness of her sister-in-law. She left for Syracuse on the afternoon Burlington.

Miss Dale Hoffman and Virginia Belle Dean left today for Mound City, where they will spend a few days visiting relatives.

Mrs. Margaret Cunningham and her son, D. K. Cunningham of Murdock, Ill., who have been visiting Mrs. Cunningham's sister, Mrs. Helen Hopkins and daughter, Miss Carrie, left for their home this morning.

The draft board today received a call for one limited service man and two typists and general clerks to be sent to Jefferson Barracks, date of entrainment given as November 25. No selection of men to fill the call has yet been made.

Visiting at Corning.

Miss Mary H. Boggs went to Corning yesterday, where she will spend a few days visiting Mrs. Leigh Wilson and family. Mrs. Wilson's mother, Mrs. Thana Hope and her niece, Charlot Hope Welchell, are also visiting at the Wilson home.

POSTPONED SALE.

The Guy Cooper sale will be held Tuesday, November 12, 3 miles northeast of Gaynor. 87 head of horses, mules, cattle and hogs will be sold.

GOMPERS HAS A MESSAGE.

Labor Leader Will Deliver Address to American People Following Trip.

Special to The Democrat-Forum.

Chicago, Nov. 8.—Samuel Gompers, president of the American Federation of Labor, arrived in Chicago today from his trip to Europe. Tonight he will deliver his message to the American people based on his trip. The audience will include personages from all parts of the country, including governors of Missouri, Oklahoma, Secretaries McAdoo and Wilson, and others of national note.

A REPUBLICAN CONGRESS

Virtual Election of Newberry in Michigan Decides.

Washington, Nov. 8.—Control of the Senate passed into the hands of the Republicans tonight with returns in Michigan showing the virtual election of Truman H. Newberry, Republican, over Henry Ford. The Republicans now have a total of forty-nine senators and the Democrats forty-six. Idaho remains in the doubtful column but should the Democrats elect their man there they would lack one for majority.

In the House, the Republicans have 238 members, the Democrats 195, including one Independent.

Springfield, Mo., Nov. 8.—The election of S. A. Shelton, Republican, to congress from the sixteenth district, by a majority of 108 over his Democratic opponent, Thomas T. Rubey was indicated.

STEAL OVER 100 CHICKENS

Thieves stole over a hundred chickens from the farm of Homer Worl, southwest of the city. The neighbors formed a posse an dhunted for several hours for trace of the thieves but could not find any. Other farmers through that section have been robbed of their chickens and no trace of the guilty parties has yet been discovered.

Mr. and Mrs. A. Saxon and family of Bedford, Ia., moved to Maryville this week to make their home.

FIGHTING GOES ON

HUN RETREAT LINE FROM FRANCE HAS BEEN NARROWED TO FIFTY MILES

ALLIES FORGING AHEAD

OPERATIONS SUSPENDED AT ONLY ONE PLACE TO PERMIT PASSAGE OF ENVOYS

The French advanced along their entire front today and have reached Liart, nineteen miles north of Retep, the war office announced. The entry of the German armistice delegation into the Allied lines has not stopped the gigantic converging movement of the Allied armies, and today the passageway through which the Germans must retreat from France has been narrowed to fifty miles. The British, French and Americans are still forging ahead. Hostilities have been suspended temporarily in only one small hole to allow the safe passage of the German envoys by way of La Capelle, which was captured by the British yesterday. The French and Americans continue their progress in a northeasterly direction between the Oise and the Meuse, the Americans having reached Sedan, cutting vital German lines of communication. Virtually all the railways supplying the Germans in France are now dominated by Allied artillery. The Germans have evidently entered into a new retreat in Belgium and probably are falling back on the so-called Parsifal line.

London, Nov. 8.—The British are swiftly encircling the powerful fortress of Maubeague, near the Franco-Belgian frontier. The war office announced today the capture of three more villages and said fighting was continued. The advance south of Mons to Conde canal continues.

Called to Nevada.

Mrs. J. W. Innis and children who have been visiting her parents, Mr. and Mrs. R. G. Allan of West Third street, left yesterday for their home at Nevada, Mo., called by the serious illness of Mr. Innis. Mrs. Innis' sister, Miss Katie Lee Allan accompanied them.

POSTPONED SALE.

The Guy Cooper sale will be held Tuesday, November 12, 3 miles northeast of Gaynor. 87 head of horses, mules, cattle and hogs will be sold.

Spend Week End at Cameron.

An Appeal To The Hearts and Patriotism
of The People of Nodaway County

You are soon to be asked to contribute money to finance the war work of seven organizations which are united under the title of "The United War Work Campaign, Incorporated." I feel that you are familiar with the great work being done by these organizations which are, the Y. M. C. A., Y. W. C. A., K. of C., Jewish Welfare Board, War Camp Community Service, American Library Association and Salvation Army. The work being done by each of these organizations has been recognized by the President and the War Officials as very necessary and essential, and they have approved the effort to raise the large sum of two hundred and fifty millions of dollars in this drive. This is more than seven time the amount for which the former Y. M. C. A. drive was made and nearly five time the amount that was contributed in that drive. In view of this, all will appreciate that it is necessary to give more now than they formerly gave.

I want, if possible, Nodaway county to make a record that will attract the attention of the entire state, by being the first to go "Over the Top." The goal for this county is approximately $48,000.00, and it is desired by the workers to have this amount contributed by the evening of Monday, November 11.

There are over one thousand Nodaway County boys in the service of the United States at this time. The amount asked of the people of this county is, therefore less than $50.00 for each one in the service, which is less than 15 cents a day for the period of 365 days. I feel that it would be a reflection if I should voice even a remote fear that, through carelessness or for any other reason, some might neglect to respond to this appeal, and to do their part in raising the required amount. **WE NOT ONLY APPEAL TO YOUR LOYALTY, BUT ALSO TO YOUR HEARTS, AND IF YOU TURN A DEAF EAR, OR DO NOT DO YOUR PART, YOU WILL THEREBY NOT ONLY BRAND YOURSELF AS A "SLACKER," BUT ALSO AS ONE WHO LACKS IN SYMPATHY AND BROTHERLY LOVE AN ATTRIBUTE OF CHARACTER EVEN GREATER THAN LOYALTY.**

The money raised in this drive will be used to keep our soldier boys warm and comfortable and amused during the long dreary winter days that are to follow, and to supply them with the little thing that it is impossible for the Government to look after, but which mean so much to their health and happiness.

We have read in the last few days that the 89th Division is in the thick of the fight in France this week. This Division is composed of Middle Western troops, and many of the Nodaway County boys, especially those who trained at Camp Funston, are in that Division. With so many Nodaway County boys fighting in a very Hell in France, surely no one can be so indifferent to the needs of these boys as to neglect so important a duty as contributing to this fund.

We therefore, appeal to you, our fellow citizen of one of the richest counties in the state, in all confidence, that you do your full duty in this matter, and if for any reason you have not contributed by Monday, November 11, and will not be at your place of business or at your home on that day, please have it arranged with someone at one place or the other, to make a generous pledge for you.

Some have asked what effect an early peace would have upon the need of this money. In answer to this, I perhaps cannot do better than to quote from a recent statement of John R. Mott, the Director General of this campaign:

> "Without a doubt, it will take not less than twelve months to bring our American army home. During that long period, the soldier boys will have virtually all their time on their hands. They will not have the excitement and the incitement of the war period to stimulate their spirits or its intense activities to absorb their attention and utilize their time. Their temptations will be more numerous and persistent. There will be a tendency to let down standards and relax discipline. It is of the utmost importance that plans be made for the wise use of their leisure hours. The practical and significant question is, shall our men and boys come back to us weaker or stronger men? The period of demobilization should not be allowed to become a period of demoralization, but rather should be made one of growth in knowledge and working efficiency and of strengthening of character and life purposes. The Young Men's Christian Association and the other organizations are planning not only to enlarge their recreational program during this period, but to launch a great educational campaign. In popular language, it may be described as "The University in Khaki." An Army Educational Commission composed of a group of the leading educators of America has been sent overseas. They have asked for two thousand professors and teachers of American colleges and schools to help in launching educational work for the coming winter, and also to be on hand for the period of demobilization, whenever it comes. We have entered into negotiations with the British and French universities to help us in this vast educational undertaking. One may judge of the great dimensions of the enterprise from the fact that it will require at least $8,000,000.00 for textbooks and books of reference for the coming winter alone."

I know the above will convince all that the full amount asked for is perhaps more necessary, if possible, than if the war continues indefinitely, and further, if there is an early peace, this will probably be the last time you will be called upon, or have an opportunity to give, and this should inspire you to greater liberality on this occasion.

Many of you have put money into Liberty Bonds but you will agree with me that in so doing you have not given your money away, but have simply loaned it to your Government, getting in turn the safest investment the world knows anything about. Liberty Bonds will be accepted as contributions to the United War Work Campaign fund.

Do Not Get Careless With Your Blood Supply

Impurities Invite Disease.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 25 Swift Laboratory, Atlanta, Ga.

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead-valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.

Your careful consideration and investigation of your spring requirements should begin at this time, because we firmly believe there will be considerable difficulty in supplying the demand at that time. Now is the time to act and make your purchase, so as to familiarize yourself with a tractor for spring work.

United War Workers

What They Are——

Young Mens' Christian Association
Young Womens' Christian Association
National Catholic War Council
Jewish Welfare Board
American Library Association
War Camp Community Service
Salvation Army

What They Do——

These seven combined associations furnish our soldiers with the following:

3600 Recreation Buildings
1000 Miles of Movie Films
100 Leading Stage Stars
2000 Athletic Directors
2500 Libraries with Five Million Books
85 Hostess Houses
15000 Big Brother "Secretaries"

In addition to these they furnish millions of dollars for other necessaries. One Maryville soldier lad writing home says "I am writing this letter at a great big table in the "Y" by the side of a big, roaring fire in the fireplace. It is about as homelike as you could ask for." Four million other boys at home and overseas enjoy the same advantage.

It will cost almost two hundred and fifty million dollars to continue to supply our boys with these comforts. Will you help us to keep them going?

Commencing November 11

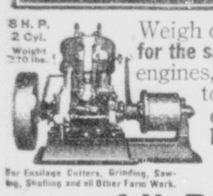
Cushman Light Weight Engines For All Farm Work



For Ensilage Cutters, Grinding, Sawing, Shelling and all Other Farm Work.

Weigh only one-fourth as much as ordinary engines, **for the same horsepower,** making them very handy farm engines, as they are so easy to move around from job to job. The Cushman is the light weight wonder you have heard so much about. Does better work and lasts longer because of lighter weight, higher speed less friction and lower operating cost.

4 H. P. Weighs Only 190 lbs.
8 H. P. Weighs Only 320 lbs.

Their light weight and steadiness makes it possible to use them in many ways that other engines cannot be used. 4 H. P. may be used on grain binders, to drive sickle and other machinery leaving horses nothing to do but pull binder out of gear. 8 H. P. may be used on hay balers, corn shellers and other machinery.

Throttle Governed, steady and quiet in running, cooled by circulating water driven by pump, run at any speed. Four cycle. Equipped with **Friction Clutch Pulley.** Sizes 4 to 20 H. P.

For All Farm Work. Also Used on Binders. Engine Weighs Only 190 lbs.

Call and see the lightest weight yet most reliable farm engine in the world. You will admit it's a wonder.
